DRIVING DISCIPLINES

Lightweight Lotus

The Lotus is one of the world's most rewarding road cars to drive on a circuit. Designed on the true Lotus principle of lightweight and nimble, this mid-engined, rear-wheel drive British sports car will set the heart racing from the first corner. With power and handling to match, this is a car you will not want to stop driving!

Race Saloon

The legendary BMW marque has long been involved with motor sport at the very highest level. Our race prepared BMW Touring Cars on slick race tyres, will provide an undiluted racing experience whilst, following the advice from your in-car Instructor, you push the car and yourself to the limit.

High Speed Passenger Ride

The ultimate on-track thrill, will be the High Speed Passenger Ride in the race prepared Radical SR3. With you as a passenger your Instructor will drive at race speed in total control of this race prepared machine and make full use of six speed sequential gearbox and slick tyres.

Kart Race

Our Grand Prix Karts will allow you to be ultra competitive in a race environment with your fellow drivers. This real race circuit will provide exciting overtaking duels and head to head battles. Remember there can only be one winner!

Buggy Race of Champions

Using our off-road race buggies on a specially designed circuit, you will feel the adrenalin of competing with your fellow drivers. First to see the chequered flag WINS!

PitStop Challenge

You will compete in a timed pit stop challenge competition. Just like Formula 1, imagine your driver in the hot seat, with the team swiftly changing the wheels to allow the race to continue. There is very little that creates more pressure!

Ascari Race Resort Tour

Our Resort is privately owned and only invited guests make it past the security gates. As an invited guest you will enjoy a hosted tour of our amazing underground air conditioned parking areas. Although cars change throughout the year, expect to see many of the world's most exotic cars, including famous race cars and even F1.
